

Futaba (AM) Trainer Cord

by Tony van Roon

Additional Notes

1 - Pin 1 (**red**) and Pin 4 (**yellow**) are crossed. D.I.N. is a european 'norm' originating from Germany. The D.I.N. abbreviation stands for "**D**eutsche **I**ndustrie **N**orm" and means translated "German Industry Standard".

2 - Each of the 5 wires have an individual (stranded) shield.

3 - Pin 2 (ground) can be any color, but is usually brown or black.
